

Raymond E. Shaw Elementary School Building Project Update

WHAT WE'VE BEEN UP TO

MSBA Facilities Assessment Subcommittee

The Shaw School project was presented to the MSBA Facilities Assessment Subcommittee (FAS) on March 13, 2019 by the District and Design Team. The MSBA FAS was very pleased with the Preferred Schematic Report submission and will be recommending the project move forward at the MSBA Board Meeting.

Shaw School Staff/Room Data Meetings

The Design Team met with teachers and staff at the Shaw School to review their specific requirements/needs for their rooms. The design team will develop room data sheets for each of the programmed spaces and include all information such as; room finishes, building systems, furniture, fixtures and equipment. This information will help the team know exactly what each space will contain.

JOIN US! UPCOMING MEETINGS:

Monday 4/22/19

Building Committee Meeting 6 p.m.

Wed. 5/1/19

Building Committee Meeting 6 p.m.

Wed. 5/1/19 PUBLIC FORUM 7PM

WHAT'S UP IN APRIL?

MSBA Board Meeting

The MSBA will meet on April 10th to discuss the Shaw School and vote to have the project move into the Schematic Design Phase.

Working Groups

The Building Committee and Design Team have been working together to develop Working Groups which will focus on project specific topics and make recommendations to the Building Committee. The Working Groups are:

Materials Working Group

Meeting April 2nd and May 9th

reviews interior and exterior finish materials; sustainability, durability, maintenance, and cost

Sustainability Working Group,

Meeting April 3rd

reviews sustainable opportunities and goals in relation to the utility incentive program and LEED/CHPS

Outdoor Facilities Working Group

Meeting April 9th

reviews outdoor school and community programmatic needs maintenance, and cost

Building Systems Working Group

Meeting April 23rd

reviews proposed building systems maintenance, and cost

Security and Safety Working Group

Meeting April 23rd

reviews security needs both for the school and community uses, building and site
